

## How to read Water Meters

Water Meter, 8 numerical rolls type:

<i>Index</i>	<i>Measurement Unit</i>
Red Needle (x0,0001)	Deciliter (dl)
First roll from the right (red colored)	Liter (l)
Second roll from the right (red colored)	Decaliter (dal)
Third roll from the right (red colored)	Hectoliter (hl)
Fourth roll from the right (black colored)	Cubic meter (m <sup>3</sup> )

## Water Meter, 5 numerical rolls type:

<i>Index</i>	<i>Measurement Unit</i>
First red needle from the left (x0,0001)	Deciliter (dl)
Second red needle from the left (x0,001)	Liter (l)
Third red needle from the left (x0,01)	Decaliter (dal)
Fourth red needle from the left (x0, 1)	Hectoliter (hl)
Numerical rolls (black colored)	Cubic meter (m <sup>3</sup> )
